The cover to be provided in the Pool shall not extend to claims made or circumstances reported or known by the Firm prior to entry into the Pool.
- 9.2. The Joint Advisory Panel shall permit a Firm to be insured in the Assigned Risks Pool only in the following circumstances:
- 9.2.1. where the Firm is able to demonstrate evidence of declinature in a form satisfactory to the Joint Advisory Panel; or
 - 9.2.2. where the Firm is able to demonstrate evidence of Constructive Declinature; or
 - 9.2.3. where the Firm is able to demonstrate that cover for run-off liability (maximum two years) is not available from any Participating Insurer.
- 9.3. A Firm which is unable to obtain a quotation from any Participating Insurers for a premium for the cover required under these Regulations other than a quotation which, in the opinion of the Joint Advisory Panel, amounts to Constructive Declinature may apply for admission to the Assigned Risks Pool.
- 9.4. The quotation of a premium which:
- 9.4.1. the Firm is unable to pay within six months from the commencement of the policy; and/or
 - 9.4.2. so affects the Firm's financial security as to jeopardise its ability to carry on its business shall be prima facie evidence of Constructive Declinature.

- 9.5. Application for admission to the Assigned Risks Pool shall be made to the Pool Manager. An application shall include:
 - 9.5.1. evidence of declinature in a form satisfactory to the Joint Advisory Panel; or
 - 9.5.2. a declaration by the applicant of the circumstances it considers to be evidence of Constructive Declinature; or
 - 9.5.3. evidence that cover for run-off liability (maximum 2 years) is not available from any Participating Insurer.
- 9.6. The Firm's application for admission to the Assigned Risks Pool shall be referred by the Pool Manager to the Joint Advisory Panel. The Panel shall determine in its absolute discretion whether there has been Constructive Declinature (if applicable) and whether the Firm can enter the Assigned Risks Pool.
- 9.7. A Firm which has applied for admission to the Assigned Risks Pool on the basis that there has been Constructive Declinature shall be given short term admission to the Assigned Risks Pool pending the Joint Advisory Panel's determination of whether there has been Constructive Declinature.

- 9.9. On admission to the Assigned Risks Pool a Firm shall submit, at its own expense, to an investigation by ICAS or its appointed agent and, if ICAS so decides, to an investigation at a later date. Payment of the anticipated costs of the investigation may be required in advance of the investigation, at ICAS's discretion. The investigation will determine the reasons why the Firm has been unable to obtain cover, and ascertain what steps, if any, should be taken to enable the Firm to obtain cover outside the Pool, and ICAS shall notify the Firm accordingly.
- 9.10. If, in the course of an investigation under Regulation 9.9, it appears to ICAS that the interests of the Firm's clients or the public may be prejudiced, ICAS shall initiate any action it considers necessary to prevent the Firm from carrying on in Practice, or to limit the extent to which the Firm may carry on in Practice.
- 9.11. No Firm can remain in the Assigned Risks Pool for more than 24 consecutive months without the express written consent of the Joint Advisory Panel.
- 9.12. An application for additional time in the Assigned Risks Pools shall be made to and determined by the Joint Advisory Panel which shall have absolute discretion in its determination. The decision of the Joint Advisory Panel in this respect shall be final and will be notified to the Committee.
- 9.13. A Member in Practice whose Firm has been unable to obtain professional indemnity insurance outside the Assigned Risks Pool on or before the expiration of the maximum time allowed in the Pool, including any extension allowed under Regulation 9.12, shall thereupon cease to be eligible to engage in Practice.
